

GROOM AND FILL

Introducing the **Groom and Fill** for brushing in top dressing to removal and reduction of thatch without disrupting playing surface. **Groom and Fill** units are equipped with spiral brush and optional carbon blades, made to fit most professional Tri-Plex greens mowers. No adapters required, simply remove cutting units and snap on the **Groom and Fill** Units. Complete **Groom and Fill** units are equipped with carbon blades to neatly slice to the surface of the soil and lift thatch and dead material. One trip over, thatch is greatly reduced, after minimal cleanup, leaving the playing surface practically undisturbed. You can purchase units without the groomers, if brushing in top dressing is all you're looking for.

Carbon Blades ◆ **Heavy Duty Brushes** ◆ **Long Lasting Neoprene Plastic Rollers**

Fits Toro*, John Deere* and Jacobsen* ◆ Removing Thatch ◆ Minimum Disruption ◆ Brush in Top Dressing
